

Your KRAIBURG dealer:

mat adapts to the lying cow

Excellent cost-comfort ratio

- stable wing profile creates high permanent softness
- the soft lying area within the mat edges supports the correct resting Position of the cow and improves slip resistance
- adapts optimally to body shape
- proven pebbled surface
- integrated soft slope to rear edge promotes drying off
- chamfer at the rear edge: gentle on animal joints, no stumbling edge

System dimensions:

thickness: approx. 60 mm

width (adjustable with connecting bar) × length:

110/115/120/125/130 cm × 183 cm

Installation:

2 fixings / mat and 5 screws / profile*

Accessories:

- **end-profile:** profile for closure at side edges, length: 183 cm, width: 63 mm, installation: 5 screws / profile

Tolerances:

thickness:

+3/-2 mm

The tolerances also apply within the mat and when installed.

length + width:

+/- 1.5 % (DIN ISO 3302-1 tolerance class M4)

a profile element (wing + supporting studs): extremely stable, wear resistant and flexible simultaneously

minimized soiling underneath the mat due to completely surrounding sealing lips

indented connecting bar engages in the countersinks on the mat's edge and facilitates professional installation
