

Your KRAIBURG dealer:

pebbled surface
chamfer at rear edge

sealing lips in the rear section

installation edge to edge

installation with KK-Poly-T-Bar e.g. for stall equipment with mushroom dividers or especially when using very fine litter

with puzzle seam

- the supple, highly wear resistant air cushion profile creates pleasant and permanent lying comfort
- proven pebbled surface
- integrated slope in the rear edge promotes drying off
- sealing lips in the rear edge of the lower side minimize soiling
